Where Are You Going?

The Packing Chain Game

Keep the chain going — repeat your classmate's item and add one of your own!

What do you always forget to pack?

A Guide to Smart Packing

Before every trip, make a checklist. Most travellers pack too many clothes and too much luggage. You do not need ten pairs of shoes for a three-day holiday! A few good habits can save you time and money.

First, count your bags. Airlines usually allow one suitcase and one small bag for each passenger. If you have several bags, check the airline's rules before you travel.

Second, think about liquids. You cannot carry much liquid in your hand luggage. Most airports allow only small bottles, and you must put them in a clear plastic bag.

Third, pack a few important documents: your passport, your ticket, and some cash. Do not forget your medicine if you take any. Many travellers also carry a little food for the journey, such as a sandwich or some fruit.

Finally, remember that a good traveller does not need a lot of things. A few useful items are better than many unnecessary ones. Pack smart, not heavy!

Guided Noticing Questions (1-4)

- 1 Look at “bag” and “bags”. What is added to the end of the word?
- 2 Find “clothes”. Try saying “one clothes” or “a clothes” out loud. Does it sound right? Can you count clothes one by one in English?
- 3 Find “luggage”. Can you add –s to make “luggages”? Which word comes before it — “much” or “many”?
- 4 Compare “too many clothes” and “too much luggage”. What is different about the two nouns that follow many/much?

Guided Noticing Questions (5–8)

- 5 Find “a few important documents” and “a little food”. What is different about “documents” and “food”?
- 6 Find “some cash” and “some fruit”. Could “some” also go with “documents”? What does that tell you about “some”?
- 7 Make a list of every plural noun you highlighted (green). What do almost all of them end in?
- 8 Make a list of every yellow (uncountable) noun. Try adding –s or a number to each one. What happens?

Discovery Worksheet — Sort Your Words

Singular countable

e.g. bag, suitcase, ticket ...

Plural countable

e.g. bags, clothes ...

Uncountable

e.g. luggage, cash ...

Discovery Worksheet — Complete the Rule

- 1 To make most nouns plural, we add __(s/es)__ to the end of the word.
- 2 Some nouns are irregular — they do NOT follow this pattern. Example from the text: __(clothes)__.
- 3 A __(countable)__ noun can be counted (one, two, three...) and can be singular or plural.
- 4 An __(uncountable)__ noun cannot be counted with numbers, and it has NO plural form.
- 5 We use MANY with __(countable)__ nouns, and MUCH with __(uncountable)__ nouns.
- 6 We use A FEW with __(countable)__ nouns, and A LITTLE with __(uncountable)__ nouns.
- 7 The word SOME can be used with __(both countable and uncountable)__ nouns.

So, What's the Rule?

- 1 Add **-s / -es** to most nouns; some are irregular (child→children, person→people).
- 2 **Countable** nouns can be counted and have a plural form; **uncountable** nouns cannot be counted and have no plural.
- 3 **MANY** and **A FEW** go with countable plural nouns; **MUCH** and **A LITTLE** go with uncountable nouns.
- 4 **SOME** (and **A LOT OF**) can be used with both.

Reference: Quantifiers

Use with...	Quantifiers
Countable nouns only	many, a few, several, a number of, both, a couple of
Uncountable nouns only	much, a little, a great deal of, a bit of

must be learned individually.
